Trends and Highlights

August 1975

---

1. The office was directed to implement Recommendation (17) of the Rockefeller Commission Report, i.e., to identify for destruction all records accumulated by the office in the program relating to dissidents. Planning for this effort was initiated.

2. In connection with implementation of the Privacy Act which becomes effective 27 September 1975, eight Office of Security record systems were described in the 28 August 1975 edition of the Federal Register.

3. Two DCI level and five DD/A level objectives were approved by the DD/A for FY 1976.

4. Freedom of Information Act requirements leveled off somewhat during the month. We received 1,246 cases (compared with 1,725 in July), closed 1,368, and had 452 pending at the end of the month.
